

## Locating the serial number of your Faro Focus

When communicating with customer service concerning your scanner it is important to know the individual serial number of your instrument.

### X Series Scanners

The X-Series is the most straightforward as the serial number is placed on the front plate of the scanner

The serial number will consist of an 9-digit numerical code prefixed with the letters LLS

### Sunbelt Rentals Survey

3 Orpheus House, Calleva Park, Aldermaston, Reading, RG7 8TA. 0330 678 0181 Support Number: 01293 565565  
sales@sunbeltsurvey.co.uk www.sunbeltsurvey.co.uk

Registered Office: Sunbelt Rentals Ltd. 100 Cheapside, London EC2V 6DT. Registered No. 444569 England & Wales

## S Series Scanners

The location of the serial number for the S-Series scanners has changed and the details can now be found on the base of the scanner

The serial number and identifying the scanner can be found on the area marked opposite.

Again, the serial number will consist of a 9 digit numerical code prefixed with the letters LLS
