

## Activating a Leica Cyclone Cloud Account

To use the Cyclone Field App with your RTC360/BLK360 you will first need to register an Entitlement ID within Cyclone Cloud

<p>Go to the Cyclone Cloud portal - <a href="https://portal.cyclonecloud.com/">https://portal.cyclonecloud.com/</a> And select to Register a new account</p>	
<p>Enter the details as prompted</p>	
<p>A verification email will be sent to you</p>	

### Sunbelt Rentals Survey

3 Orpheus House, Calleva Park, Aldermaston, Reading, RG7 8TA. 0330 678 0181 Support Number: 01293 565565  
sales@sunbeltrentals.co.uk www.sunbeltrentals.co.uk

Registered Office: Sunbelt Rentals Ltd. 100 Cheapside, London EC2V 6DT. Registered No. 444569 England & Wales

Select a User ID and Password. **These will also be used as the log in details for Cyclone Field.**

Then you will need to register the Entitlement ID for Cyclone or Register360

Please Note the below:

### **License verification renewal**

Once the Cyclone Cloud username and password have been entered and the license verified online, the FIELD 360 app can then be opened for a limited time of 30 days, without needing to login again, or needing to be online to verify the license again. Each time FIELD 360 is opened and there is an internet connection, the license will be automatically verified for another 30-day period. This means that if FIELD 360 is always opened within 30 days of the last use, and there is an internet connection, the login details will never need to be re-entered. If FIELD 360 is not used for more than 30 days, or the tablet is offline for more than 30 days, then the login details will need to be entered again and an online license verification done to be able to start the FIELD 360 app. If this is not done, the app will not be able to be accessed.
