

Professional Tapes

• Case length

* 100mm with flip-out arm

BIG T™

Innovation at its very best. Hundreds of hours of research amongst builders, carpenters and many other professionals have helped FISCO to develop a new generation of measuring tapes that sets new standards in design and technology.

BIG T SPECIFICATION

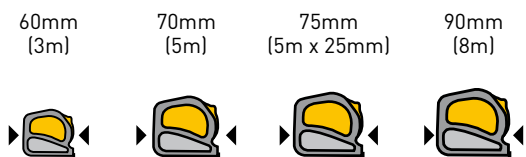

- Rubber protection at all potential impact points, and a patented internal shock absorber.
- Easy inside measurements, case size makes add-ons easy. Plus cursor shows the precise reading.
- Unique snap-in belt holster. Holds tape securely, and quick to release.
- Ergonomic shape feels moulded to your hand and is great to use.
- Superior brake control - minimum effort with maximum holding power.
- Clear-view end-hook - read the scale right up to the tip.
- Integrated buffer on tape protects tip against damage.
- Individual hanging packs, 5 per rip-top box

TRI-TAPES

A range of high specification automatic return tapes designed for the professional user. Exceptionally accurate, durable and reliable.

TRI-MATIC

TRI-MATIC SPECIFICATION

- Tough, ergonomic, chrome finish case.
- Positive action non-slip two part blade lock.
- Automatic blade return with bump stop for added blade and end-hook protection.
- Polyester coated carbon steel blade.
- Triple rivet end-hook on 25mm wide blades, and reinforcing plate on 19mm and 25mm wide blades.
- Belt clip and self-zeroing end-hook.
- Individually carded, 6 per box.

TRI-LOK

Specifications as Tri-Matic, except for a tough, grey ABS case with non-slip rubber grip pad.
