

# Specifications of BP3503

The battery adopts smart design to display battery strength and charge-discharge life cycle, detects the fake battery.

Dimensions(H×W×D) mm	137.7*74.5*20.5
Weight	about 162 g
Nominal Capacity	3500mAh
Nominal Voltage	7.7V
Operating Temperature	-20°C to 60°C (discharge)
Storage Temperature	-20°C to 60°C (for one month)
Battery Life Cycle	500 times
IP Rating	IP67
