

Plinth Heaters - Wireless Controlled

Cleverly concealed in the 'kick space' beneath counters, displays and kitchen units, stairwells and fitted furniture, these heaters are suitable for both commercial and domestic environments.

Provides instant heat where space is at a premium and discreet yet effective heating is required. These slimline plinth heaters require a minimum kick space height of only 100mm thereby offering increased installation options.

- 2kW or 3kW rating
- Compatible with advanced single zone controllers* and run-back time controllers**
- Easy installation and maintenance
- Minimum kick space height of only 100mm
- Automatic safety cut-out
- LED indicator light
- Fitted with 2.2m of supply cable
- Four different finishes
